

The Rochford Review: Engagement Model Training

The engagement model is an assessment tool that helps schools meet their duties in supporting pupils who are working below the level of the national curriculum and who are not engaged in subject-specific study.

The model is suitable for all pupils who have not yet met the whole of Pre Key Stage 1 in all subject areas.

The engagement model replaces P scales 1 to 4 and will become statutory from the 2021/22 academic year.
